

4400bhp Multi-Purpose ASD Tugs

Friday, October 31, 2008

Two Cummins QSK60-powered 4400 HP Z-drive tugs are nearly complete at the South China Shipyard in Guangdong province, China. They are destined for harbor operation, standby (towing, pushing, berthing, anti-pollution, salvage, pilotage & fire-fighting) to offshore oil drilling platform & FPSO/ Large LPG CARRIER, ocean-going towage, etc.
